

Welcome to

Packard Meeting 2026

2nd to 5th of July

Honne Hotell på Biri

Welcome to the Packard Meeting2026 at Biri!

It is once again time for the Packard meeting in Norway. This time, we will meet at Honne Hotel at Biri. Here we and our vehicles will spend some wonderful days during the first weekend of July!

The hotel is beautifully situated with a view over Norway's largest lake, Mjøsa.

Food experiences are an important part of the stay — if not the most important part. The hotel offers hearty breakfasts and tasty dinners.

The hotel is centrally located between Lillehammer, Gjøvik, and Hamar. Biri is about 160 km north of Oslo and about 120 km north of Oslo Airport.

Thursday, 2nd of July

During the afternoon on Thursday, we arrive at the hotel. Before dinner, we will meet outside among our beloved Packard cars to greet both old and new acquaintances. We then enjoy a shared dinner at the hotel before ending the day with some time out on the veranda overlooking Norway's largest lake, Mjøsa.

Friday, 3rd of July

After a good breakfast, we drive together in a convoy across the Mjøsbridge on pleasant roads to Hamar. The first stop is the Norwegian Railway Museum, where we will receive a guided tour and have the opportunity to take a short ride on the steam train *Tertitten*.

We then continue driving together through Hamar's city center and on to Atlungstad Distillery, where Aquavit is still produced! A nice lunch will be served, and those who wish may taste some of the local production.

The return trip is done individually.

In the evening, we gather again for a shared dinner at the hotel.

Saturday 4th of July

A new day with new experiences! This day will be spent on the western side of Lake Mjøsa, in the organizers' home region.

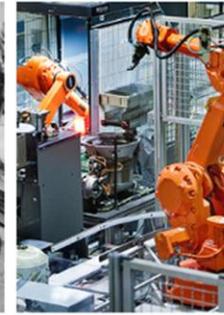

The first stop is Raufoss Industrial Museum, where we will enjoy an exciting guided tour featuring car parts, mopeds, components for space rockets, matches, and weapons.

We continue on to the Peder Balke Centre in Kapp. In addition to lunch, there will be plenty of time to explore the beautiful site. In the protected main building, you will find wall paintings by Peder Balke, perhaps best known for being represented in the Louvre in Paris. After the annual meeting, the day concludes with a traditional banquet dinner at the hotel.

Sunday 5th of July

After breakfast, this year's Packard Meeting comes to an end.

See you in Finland in 2027!
